Prsentation de l'diteurAutism Spectrum Disorder: A Parents Guide To Understand An Autistic Child Why

Autism Spectrum Disorder Can Be Overcome Nowadays it seems that more and more children are being diagnosed with Autism Spectrum Disorder especially boys. A lot of research is being conducted to try and determine the underlying causes of the condition and also to find the best methods to deal with the condition. Autism Spectrum Disorder: A Parents Guide To Understand An Autistic Child not only outline the various forms of autism that can be found on the spectrum but also focuses a bit on related conditions. In addition to all of that the current successful methods of treatment are outlined for parents and other interested persons to read. The challenge with autism is that so much remains unknown about the disorder. The author being a high functioning autistic herself is well aware of this and has included as much relevant information as she can about autism and the related disorders. It is not about getting parents to worry excessively. The aim of the book is to arm them with the necessary information so that they will be able to make note of any strange behaviors in their child and to get the diagnosis as early as possible as the earlier intervention can be imposed, the better it will be for everybody.
