## Description :

Prsentation de l'diteurAs part of the DC New 52 event, the Green Lantern Corps return, led by fan favorite Lanterns Guy Gardner and John Stewart. When a new menace, The Keepers, begins to march across the space sectors and devouring not only their natural resources but their entire populations, it is up to The Corps, severely outnumbered, to stop them. The Corps soon find one of their own held by the ruthless Keepers and must figure out a way to save their comrade and defeat the Keepers without the Green Lantern's most powerful weapon, their power rings. Revue de presse "Tomasi writes some of the most humanistic moments out of any of the new DC rebooted titles. Within a scant 22 pages, you feel who Stewart and

Gardner are as men instead of just the required reboot knowledge to hook you into issue 2. There's not an ounce of this book that feels rushed or like I didn't get my money's worth."
