Description :

Prsentation de l'diteurWhether its out fishing, in the woods, at the range or even in the backyard, the sport of archery in all its forms can be fun and rewarding for all ages. In this day of mass production, the draw of being able to make something with your hands is greater than ever. PVC plumbing pipe, with its unique blend of qualities, offers both the experienced and beginner archer an opportunity to build their own dependable bows without any previous experience. Simple PVC Pipe Bows shows you how build a solidly performing bow with little in the way of equipment, work space, time and material cost, whether its one or

hundreds. Youth Recurve : A small and light bow at home in the backyard as well as on the range. Its perfect for women and teen archers with its shorter draw and compact size. While geared for young archers, this bow can hold its own as a short pack bow or training bow for an archer of any age. Horse Bow : This reflexed bow reminiscent of the short bow of the nomads of Central Asia and Eastern Europe is ideal for learning the art of mounted archery. With a smooth draw and compact size, this bow is a sweet shooter on foot as well. Snakey Recurve : Designed after wooden bows which work with the natural contours of gnarled wood, the snakey recurve is an ideal bow for the hunter of fisherman looking to craft his own equipment. Its serpentine curve brings the string in line with the center and tilts the handle making for a bow that is more accurate and comfortable to shoot.
