Description :

Prsentation de l'diteurWelcome to the troubled, tempestuous world of Frank Lloyd Wright. Scandalous affairs rage behind closed doors, broken hearts are tossed aside, fires rip through the wings of the house and paparazzi lie in wait outside the front door for the latest tragedy in this never-ending saga. This is the home of the great architect of the twentieth century, a man of extremes in both his work and his private life: at once a force of nature and an avalanche of need and emotion that sweeps aside everything in its path. Sharp, savage and subtle in equal measure, *The Women* plumbs the chaos, horrors and uncontainable passions of a formidable American icon.Revue de presse"Wonderfully entertaining . . . In his inexhaustiblecapacity to beguile us as a natural storyteller, T.C. Boyle is surely one of our most American novelists since Mark

Twain, and one of our very best."--The Boston Globe"Despite dozens of writers' attempts to capture Wright's story, it seems safe to say that none have rendered it with more crackling life than Mr. Boyle."--The Wall Street Journal"Boyle at his best . . . Love, not architecture, is the focus here. . . . A mesmerizing story of women who invest everything, at great risk, in that mysterious 'bank of feeling' named Frank Lloyd Wright. . . . Boyle doesn't just fiddle around with familiar autobiographical material. He inhabits the space of Wright's life and times with particular boldness."--The New York Times Book Presentation de l'éditeurWelcome to the troubled, tempestuous world of Frank Lloyd Wright.
